

PUBLICATIONS

1) Thesis from 2 to 5 pages with figures and tables. Materials should contain: the article title, surname (s) and initials of the student (s) / graduate student (s), abstract, keywords in Russian; the title of the article, the name (s) and initials of the student (s) / graduate student (s), abstract, keywords in English; text of the article; list of references.

2) Design:

MS Word format. The orientation of the sheet - book. Margins: upper and lower 2 cm each, left 3 cm, right 1.5 cm. Font - Times New Roman, size - 14. Line spacing - 1.5. Indent the first line of 1.25 cm. Text alignment - in width. Automatic hyphenation.

NAME, ANNOTATION and LIST of USED LITERATURE are capitalized, in bold letters, centering the line without indent.

The letters in the text and formulas of the Latin alphabet are typed in italics, the letters of the Greek and Russian alphabets - in regular font. The mathematical symbols \lim , \lg , \ln , \arg , \sin , \min , etc. are typed in regular font.

You should not use letters of the Latin, Greek and Russian alphabets that are similar in style, use your own macros and patterns for letters. All figures and tables should be numbered and supplied with names or captions. Tables are typed in the same format as the main text. Tables width (heading, text in the table - font 12) should not exceed the width of the page. All images should be inserted into the text in the form of a finished picture format: tif, tag, jpg, gif, bmp. Formulas are typed using the Microsoft Equation editor. Long formulas should be divided into independent fragments (each line is a separate object). Numbering need only those formulas that are referenced in the text. Separate symbols and formula letters in the text of the article should be typed in MS Word (not in MS Equation!). Attention! You cannot use pictures and tables for placing formulas!

Before the figure, the name of the table, the formula and after the figure caption, the table, the formula, an empty line should be omitted.

3) Making a list of references:

- Issued in accordance with GOST R 7.07-2009 in the order of references in the text of the article, which are indicated in square brackets, the use of automatic pagination links is NOT ALLOWED. References are numbered manually.

- When making a list of references, it is recommended to indicate modern sources (no older than 10 years).

- It is necessary to refer only to those publications that are indexed in the international Scopus / Web of Science and RISC databases.

- Articles with links to previous developments on the topics presented by the supervisor of the author (s) and authors performing studies based on the University of Mines are welcome.

- Recommended number of links - at least 15.

Abstracts are printed in the author's edition!
